INSECT PEST SURVEY

Bureau of Entomology, U. S. D. A.
and
State Entomological Agencies, cooperating.

Special Report No. 21.

January 24, 1923.

GREEN BUG IN OKLAHOMA.
(Toxoptera graminum Rond.)

Mr. J. R. Horton, of the Bureau of Entomology, reports under date of January 20 that a small infestation of green bug has been located in Noble County, Oklahoma. The largest of the infested spots measured 20 feet in diameter. No evidence of parasites was found but the adults, Hippodamia convergens Guer., were moderately numerous.
